

A TORNADO WATCH indicates conditions are favorable for a tornado to develop.

A TORNADO WARNING means a tornado has been sighted or indicated by weather radar.

PROCEDURES

In the event the Weather Bureau issues a Tornado warning for our area the Plant Services Personnel will activate the warning sirens. The sirens will be sounded for 3 minutes with 5 seconds delay between each minute. This means a Tornado has been sighted in the vicinity of the campus.

PERSONS SHOULD GO TO THE DESIGNATED AREAS
