# NORTHEAST TEXAS COMMUNITY COLLEGE RESIDENTIAL HOUSING

## POLICIES AND PROCEDURES

*The Northeast Texas Community College (NTCC) Residential Life Policies and Procedures are applicable to all residence facilities. Any student having signed a Residential Housing Policies and Procedures Agreement is expected to abide by these policies. NTCC reserves the right to modify these rules as deemed necessary.*

## INTRODUCTION

The provision of residential housing for students at NTCC is among one of the many services designed to assist each student in the pursuit of his/her educational goals.

Students living in residential housing are a part of a campus environment allowing them opportunities to succeed academically and to associate with students from other communities. Through these associations, students may experience an exchange of

ideas that can broaden each student’s horizons. NTCC strives to provide a campus living environment that is safe, healthy, and supportive of academic achievement and individual growth.

The residential housing policy has been developed with consideration of the give and take of group living. Students living in residential housing are expected to conduct themselves in a manner compatible with group living and in accord with the policies related to or in regulation of residential housing.

### **RESIDENTIAL HOUSING FACILITIES/STAFF**

NTCC maintains student housing facilities for 214 full-time students. Residential housing at NTCC offers a variety of options to fit your budget and lifestyle. Students can choose from a traditional dorm experience or newer apartment-style units. In addition to the convenience of living on campus, students enjoy amenities like: free Wi-Fi, cable, parking, laundry access, fitness center access, fully furnished units, secure card access to building, and 24-hour campus security.

Residential Life is staffed by a full-time director, hall directors, and student resident assistants who live within the residence halls, supervise the facilities, implement housing policy, settle disputes between residents when possible, and assist students in adjusting to college life.

### **STUDENT SERVICES**

## **RESIDENTIAL LIFE**

Campus housing is just one of the services provided at NTCC. Some other student services include student activities, admissions, testing, counseling and advisement, financial assistance and tutoring. If you have questions related to student services, you are encouraged to visit with the Office for Student and Outreach Services.

### **GENERAL POLICIES**

**Bacterial Meningitis Vaccination** – Students will not be permitted to move in to the residence halls without submitting a certificate of proof that they have received this vaccination. Proof should be submitted along with the housing application and deposit. Students must have shot a minimum of ten days before their move-in date.

Students must furnish their own personal effects including twin-size sheets (please call and ask if they should be extra-long), pillows, pillow cases, blankets, bed spreads, mattress protectors, towels, soap and other personal hygiene items, bathroom cleaners for counter, shower and commode area, broom, mop, dust pan, trash bags, bathroom tissue and plunger. The facilities have laundry rooms in each wing with free washers and dryers, but students must furnish their own laundry detergent.

**Things to Bring** - Students may bring their own TV's, stereos, and computers.

Students living in Residential Housing West can bring dorm size refrigerators and low wattage (700-800 watt) microwaves. Refrigerators and microwaves are provided in the new Student Housing East facility. (Also see p. 20)

**Student Accountability** - As adults, all residents are individually and collectively responsible for their behavior and are fully accountable for their actions. Lack of knowledge of specific policies will not be an excuse for breaking any NTCC policies or State of Texas laws. Such behavior will result in disciplinary action, which can include,

but is not limited to, monetary fines, required community service activities, probationary periods, and expulsions. A monetary fine is intended to serve as a reminder that such behavior or possession of prohibited items are not acceptable and will not be tolerated in the residence life community. All monetary fines for conduct issues should be paid within 10 days. If fines are not paid it will be considered a “failure to comply” incident and add to the established judicial housing file.

**General Expectations of Conduct** - Residents are expected to take care of and respect the facilities and equipment provided by NTCC. Students are also expected to conduct themselves according to acceptable standards of the NTCC community and the College’s function as an educational institution. Consideration for other is the basic principle to be followed by all residents. Each resident possesses individual rights, which will be respected by roommates, peers, and administration. These rights carry a reciprocal responsibility in that each resident will respect these same rights for all others in return. There is ZERO TOLERANCE for drugs, weapons, and fighting on campus.

**Student Misconduct** - The hall staff is required to submit a written incident report for every violation. These are submitted to the housing office and a resident judicial file is established. In some cases, security is called to the scene or a violation and a security report is submitted.

The severity of a housing violation is determined after the Director of ResLife reviews the report submitted. Video may also be reviewed. A report may or may not result in the resident being summoned for a conduct hearing.

**Resident Notification Process** - When a resident is identified as being involved in a possible violation of rules which required disciplinary action they should meet with the Director of Residential Life as soon as possible. If the resident is present when the incident comes to the attention of a staff member, they will be notified to meet with the

Director no later than the following business day at 10am. If the resident is not present at the time the incident is discovered, they will receive a notice of appointment letter. If the resident does not attend the appointment, it will be considered a “failure to comply” incident. The hearing would then be held and sanctions determined without the resident being present. Residents can appeal decision of expulsion to the Housing Disciplinary Committee; however, this committee will not hear appeals concerning fines.

### **HOUSING RULES AND REGULATIONS**

**Alcohol** - NTCC prohibits the possession and/or consumption of alcoholic beverages and paraphernalia on the college premises. All college policies along with local and state laws with respect or application to the possession and consumption of alcoholic beverages will be strictly enforced. The individuals in violation will be subject to college discipline or civil charges, even if the resident is of legal age. Residents who return to the campus and appear to be in an intoxicated state will be subject to college action. Residents must not keep empty alcoholic containers in their rooms; this indicates possible possession of alcohol. Residents are held liable for their visitors who violate this policy.

The following guidelines are applicable for alcohol violations:

- Fine/community service
- Counseling
- Online alcohol education program
- Dorm expulsion

***Parents will be notified of offense when student is underage.***

**Appliances** - The use of toaster ovens, hot plates, or other open-filament items is prohibited. If any prohibited item is found, each roommate is subject to being fined. Hot-air popcorn poppers, coffee pots, and crock pots are authorized. RHE residents may not bring refrigerators or microwaves.

**Assault** - Any physical abuse, assault, or any conduct that might threaten or endanger the health or safety of any student is prohibited in the residence halls. Any physical altercation and/or verbal threats should be reported to Campus Security as well as to a ResLife staff member.

**Assignment of Rooms** - Every attempt is made to accommodate student preferences for residence hall assignments through the application information provided by students when they apply for housing. Priorities for room assignments are based on the date the application and \$100 application fee are received. The residence hall contract does not guarantee assignment to a particular room.

Room assignments are made for the entire school year, and room changes may only be made with the approval of the Director of Residential Life. Residents making unauthorized room changes will be subject to disciplinary action. NTCC reserves the right to change or consolidate room assignments when it is in the best interest of the institution and reserves the right to make or change room assignments in the interest of order, health, safety or other reasons deemed valid by the college. Any student affected will be notified to make arrangements to move.

## **RESIDENTIAL LIFE**

**Bicycles** - Students can ride bicycles on concrete surfaces only. Bicycles must be kept in student's room or in an outside bike rack, if available. Bicycles are not to be left in the courtyard, hallways, lobby or foyer at any time and must not block any entryway or exit.

**Cancellation of Reservation** - The housing agreement is a binding document, and students are expected to fulfill the obligations. The terms by which the agreement may be terminated by the resident are identified in the agreement, and students should be familiar with them. **Any request for cancellation of this agreement must be submitted in writing or faxed by July 1 for the fall semester or December 1 for the spring semester. Failure to do so will result in forfeiture of security deposit.**

**Candles and Incense** - All candles, incense or potpourri pots together with any items that create embers or ashes are prohibited because of potential fire hazard. Such items will be confiscated from the rooms.

**Check-In-Procedure** - Students should check in the residence halls on

**Thursday (8 am-5 pm), Friday (8-11 am), and Saturday (8-11 am) prior to the Monday of the first day of classes.** *Students must obtain a receipt from the*

*business office stating that payments have been made prior to residence hall check-in.*

Students will not be allowed to start the move-in process without business office clearance and proof of bacterial meningitis vaccination.

**Students must fill out a Check-In form prior to receiving the room key.** This form will allow students to note the condition of their assigned room prior to moving in. It is important that this form be filled out accurately as it will be used at check-out as a tool to evaluate damages when assessing related charges.

Students will receive a room key only after completing the Room Check-In form and signing the Policies and Procedures Agreement.

**Checkout Procedure** - All students must check out of their rooms no later than **5:00 pm of the day following the last scheduled final**. Failure to do so will result in the student being charged \$25.00 per day for each additional day remaining in the residence facility.

Students may not store any items in the housing facility. Any items left after check-out will be disposed of after three days. Students should ensure the following have been completed prior to vacating the halls:

- Clean the room and bathroom.
- Sweep and mop all floors.
- Place trash and unwanted items in dumpster outside the building.
- Complete Check-out form.
- Turn in room key.

**A \$50 fine will be assessed for improper check-out.** The security deposit may be used to cover damages, cleaning charges, or to cover the cost for disposing of any furniture left behind.

**Childcare** - Children under the age of 17 are not allowed in the residence halls. Parents visiting a resident student may visit in the lobby with a child under the age of 17.

**Complaints** - Roommate/suitemate conflicts often occur due to a lack of communication between people and a resistance to compromise. Most of the issues that occur are ones that can be easily resolved if only the roommates/suitemates will talk to each other. Here are a few easy steps to help you if you are in a conflict:

1. Complainant discusses problem with staff; staff gives tips on how to talk with roommate.
2. Complainant addresses concern(s) directly with the roommate.
3. Complainant follows up with staff. If problem remains, a mediation meeting is held between the parties involved and the staff. A roommate contract may be formulated to help negotiate a compromise.
4. Staff will follow up on the situation and revise the roommate contract as needed.
5. Only after a staff member feels that the roommate mediation process has been worked through may changes in room assignment be considered.

**Conduct** - Students should conduct themselves in a manner suitable to community living. A student who is serious in their studies, shows consideration for the rights of others, fulfills contractual obligations, obeys the law, and shows respect for other residents and college personnel, will have no difficulty adjusting to student housing life. Residents are accountable for the actions of their visitors.

**Criminal Offenses** - For the safety and protection of our students, NTCC conducts a criminal history check on all prospective residents prior to acceptance into the residence halls. Criminal offenses at the felony level, as well as certain Class A and Class B misdemeanors may result in the denial of on-campus housing. Please note, denial of housing does not affect the acceptance of into NTCC as a student. Offenses that

typically result in the denial of a housing assignment are those that can negatively affect a communal living environment such as drug related offenses, assault, and theft. Individuals may request a copy of the assignment standards by contacting the Office of Residential Life.

**Damages** - Each resident is expected to use the residence hall facilities and furnishings in a responsible manner. Residents will be held accountable for any damages found in their residence and any common areas. Damage charges are not designed to penalize residents, but rather to recoup the actual cost of repair or replacement of the damaged item(s). This policy helps to keep down the overall cost of housing for the majority of residents who manage to avoid damaging their rooms and furnishings. Students who deliberately cause damage or those who cause damage because of an unauthorized activity may also be subject to disciplinary action.

**Decorations/Posters/Wall Hangings** - Students are permitted to decorate as long as they do not create health/fire hazards or cause damage to the room.

- Only thumb tacks, straight pins, or Command Strips should be used on sheet rock walls. **Do not use nails, screws, or adhesive strips!** Any damages caused will be charged to the residents.
- Street signs must have a bill of sale (receipt) with them or they will be considered stolen property and returned to the proper authorities.
- Items must comply with Housing policies, including alcohol, harassment, profanity, etc.
- All decorations are subject to the approval of roommates. Students may be asked to take items down if they are offensive, create a hostile living environment, or are deemed inappropriate by housing staff.

- No items are to be posted to the exterior of the doors and nothing should be posted to the windows which can be seen from outside.

**Application Fee** - To receive a residence hall assignment, a non-refundable \$100 fee must accompany the student's application for housing. The fee is used to cover the cost of the criminal background check, as well as administrative fees associated with processing incoming students.

**Dining Services** - Students in the residence halls are required to have a meal plan. meals are provided Monday breakfast through Friday lunch. There are several types of disciplinary actions that may be imposed. These actions, as well as the appeals procedure and the due-process proceedings, are defined in the Code of Student Conduct section of the Student Handbook.

Disciplinary matters involving residents are addressed by the Director of Residential Life, but recurring discipline problems will be referred to the Vice President for Student and Outreach Services.

Suite mates should keep room doors locked at all times to protect fellow students' property. In addition to possible criminal charges, the following penalties for theft will be enforced: **1st offense** - written warning, return of items or compensation for value of items, and \$50 fine. **2nd offense** - written warning, return of items or

compensation for value of items, and \$125 fine. **3rd offense** - expulsion from residence hall.

**Tornadoes/Natural Disaster** - Tornado warnings are sounded with the Residence Hall Fire Alarm and are identified as such by three short blasts followed by a long blast. In the event the alarm system is inoperative, the warning will be given by the residence hall staff. All those in the residence hall should move to the designated tornado shelter as quickly as possible and report to your designated staff

**Trash** - The residence halls have trash dumpsters located in the residence hall parking lots. Residents are responsible for disposing of their own trash and should not set trash outside their doors or in trash cans in the courtyard, lobby, or laundry rooms. Personal trash found in these areas could result in all students sharing the fine.

**Visitors** - All visitors must sign in at the housing office and state who they are visiting. First and last names of the visitor and the resident are required, as well as proper picture identification. It is the responsibility of the resident to see that their visitors are signed in correctly. Failure to do so will result in the student being subject to fines and loss of visitation privileges. Visitation is a privilege and therefore, residents should not take advantage of it.

Residents should feel safe and comfortable in their room, so at any time a resident makes a request for any visitor to leave the room this must be honored.

Residents have paid for the educational support campus housing provides. Visitors of residents are subject to the same rules and regulations.
