

Choosing a program that's right for you...

Here at Northeast, we understand that each student has unique goals and aspirations. This brochure contains a complete list of the degrees & certificates that we offer. It is important to pick the right one for you. Below are just a few things to consider when choosing a program of study:

- ☐ How much time & money am I willing to invest in my education?
- ☐ Is there a demand for this career in the area where I want to live?
- ☐ Is this career path a good fit for my personality?
- ☐ Can I picture myself working in this career 10 years from now?

*Not sure which program to choose?
Our friendly advisors will be happy to help!*
