

## Where are they **NOW?**

We love to see our students thriving in the **WORK**force!

Jade Hill was a student in the Work4College Program in 2017 and 2018. While in the program, she was assigned to the housing department her first summer. During this time, she repainted the residence halls and worked to get the dorms ready for the upcoming fall semester. Her second year in the program she traded her paintbrush for office work when she was assigned to work with the business office staff.

After graduating from Northeast Texas Community College in 2019 with an Associate of Science in Business Administration, Jade transferred to the University of Texas at Arlington where she double majored in business management and marketing.

Currently, Jade is the Social Media Strategist at Diamond C Trailers in Mount Pleasant, Texas. In her roll, she is responsible for maintaining a social media strategy by creatively marketing relevant content to promote the Diamond C brand across various platforms. When asked about the Work4College Program Jade said, **"The Work4College Program allowed me to gain experience in life and in the workforce. This opportunity opened unexpected doors and gave me the skills, knowledge, and confidence to paint houses for friends and family earning extra cash while I was in school. It was by far the best investment of my time and energy!"**

The Work4College Program at NTCC really works! Not only does the W4C Program provide meaningful jobs that teach hands-on skills preparing students for the workplace, but it also provides a way for students to complete college debt free at NTCC.

If you know someone you think would be a good candidate for the Work4College Program, please have them fill out an application on our website: [www.Work4College.com](http://www.Work4College.com).

**Application OPENS December 1st, 2022!**
