

WORK COLLEGE

Northeast Texas Community College

They Really Are Willing to **WORK!**

This past week, 92 Work4College students (out of approximately 160 applicants) were able to take the first step in paying for their college education. The program has grown so much in the past 9 years and we could not have done it without your support.

We want to personally thank each of you who have supported the program in the past. Once again, we are taking a leap of faith by offering a few extra students the opportunity to participate in this life-changing program, hoping that some additional supporters will decide to step in and sponsor a student.

In the next two weeks, all scholarship sponsors will begin receiving handwritten thank you letters from the student(s) they sponsored. At the end of the program, sponsors will also be invited to a luncheon at the college to meet the student(s) in person!

The students that you support will **WORK, SERVE, LEARN** and **EARN** their way through the summer!

Where do they all work? 73 of the students work on our college campus doing anything from general farm work to working with our campus maintenance team keeping the college clean. Many of them are painting all summer, yet some enjoy the perks of the air conditioner in our Student Services and IT Department. 19 of the others work on campuses of local school districts we have partnered with (Chapel Hill, Como-Pickton, Harts Bluff, and Winnsboro).

If I can answer any questions or provide you with more information about the Work4College Program at NTCC, please don't hesitate to contact me at 903.434.8246 or e-mail me at mmay@ntcc.edu.

Sincerely,

Mason May
Work4College Program Director
