

AGAH 2413 Principles of Feed and Feeding (Hybrid)

Course Syllabus: Spring 2024

“Northeast Texas Community College exists to provide personal, dynamic learning experiences empowering students to succeed.”

Instructor: Mrs. Rene’ McCracken

Office: AG112

Phone: 903-434-8267

Email: rmccracken@ntcc.edu

Office Hours	Monday	Tuesday	Wednesday	Thursday	Friday
	8 am to 9 am	2 to 4 pm	8 am to 9 am	2 to 4 pm	By appointment

This syllabus serves as the documentation for all course policies and requirements, assignments, and instructor/student responsibilities.

Information relative to the delivery of the content contained in this syllabus is subject to change. Should that happen, the student will be notified.

Course Description: Study the role and application of feed nutrients and additives. Topics include comparative aspects of digestion, absorptions, and metabolism of nutrients, emphasis on identification of nutrient requirements and formulations of dietary feeding regimes. Four credit hours: Three hours of lecture and two hours of lab each week. (Spring)

Prerequisite(s): none

Student Learning Outcomes:

Upon the completion of this course students should expect to:

1. Outline the roles and functions of feed nutrients and non-nutritive feed additives
2. Describe and compare animal digestion, absorption, and metabolism
3. Compute dietary feeding regimes
4. Identify nutritional problems as related to digestive systems

Evaluation/Grading Policy:

Grades will be computed as follows:

(3) Exams: 60%

Lab Assignments/Quizzes: 20%

Class Participation/Quizzes: 20%

Tests/Exams: There will be 3 exams accounting for 60% of your overall grade. Exams will be multiple-choice, true/false, fill in the blank, short answer and essays developed from the textbook, labs, quizzes and lectures. Exams will be taken during class, should you require additional times you are required to notify instructor ahead of the exam time. The following dates are subject to change, students will be notified in advance. Only excused absences will be allowed for you to make-up an exam. An appointment must be made to take the make-up exam. Failure to take the make-up exam will result in a grade of zero.

Lab Participation: Students are required to participate in both classroom and lab activities. Students will be required to travel locally for some of the labs. Students will be expected to

arrive on time and behave in a professional manner. Students are also required to dress appropriately for labs; this includes closed toed shoes, safety glasses (when required), and appropriate dress for working outdoors.

Quizzes: Quizzes are unannounced and may be held during class or labs. There will be no make-ups for quizzes. Students should arrive on time and be ready with a pen or pencil and notebook paper.

Assignments: Due dates for assignments will be provided by the instructor in class. Assignments will receive 10 points off each day they are late up to 3 days. After the 3rd day, a grade of zero will result.

(Optional) Instructional Materials:

Livestock Feeds and Feeding, 6/E
Richard O. Kellems
D.C. Church

Publisher: Prentice Hall

ISBN Number: 978-0-13-159475-3

Optional Instructional Materials: none

Minimum Technology Requirements: Students must be able to have blackboard access.

Required Computer Literacy Skills: Students must be able to access information and turn in assignments in the blackboard section of this course.

Course Structure and Overview: This course will be held on Monday and Wednesday in AGC117 from 11:00-12:20. The course will consist of classroom lectures using multimedia presentations as well as classroom discussions. All lecture materials will be in the blackboard section for this course. You will be **required** to view the lecture materials outside of class time due to the hybrid structure of this course. Labs will consist of hands on learning, demonstrations, online assignments and field trips.

Communications: The main way that I will contact you for this course is through your NTCC student email. You will be expected to receive messages from me through email. I will respond within a 24 hour period to requests for information sent to my email: rmccracken@ntcc.edu

Institutional/Course Policy: I will check student attendance at the beginning of each class. Students are required to attend class to participate in lab and classroom discussions. Participation is 20% of the final grade and attendance is required to participate. Students are expected to be on time and ready to begin when classes start at 11:00am. Students should be courteous and treat one another with respect to allow for a peaceful and effective learning environment. *Students that are disruptive in the class will be asked to leave for the day and any assignment or activity for the time period would not be made up thereby student would receive a zero for that assignment.*

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to, online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Tentative Course Timeline (*note* instructor reserves the right to make adjustments to this timeline at any point in the term):

- ***Outline the roles and functions of feed nutrients and non-nutritive feed additives***
 - Week 1 Importance of feedstuffs in Ag Industries
 - Week 2 Career Options in animal nutrition and feeding
 - Week 3 Feed nutrients and functions terminology

- ***Describe and compare animal digestion, absorption, and metabolism***
- ***Identify nutritional problems as related to digestive systems***
 - Week 4 The digestive tract and nutrients digestion
 - Week 5 Total digestible nutrients
 - Week 6 Energy utilization
 - Week 7 Protein utilization
 - Week 8 Vitamin and mineral nutrition

Week 9: Spring Break (Group Assignment)

- ***Compute dietary feeding regimes***

Week 10 Feeds and feed groups

Week 11 Roughages, hay and hay making, silage and feed storage

Week 12 Balancing rations introduction

Week 13 Building specific rations for various livestock

Week 14 Least cost rations

Week 15 Group Project Presentations

Week 16 Final exam
