Course Structure and Overview:

This class meets twice a week for 8 weeks with part of instruction done online via the learning management system BLACKBOARD. In class meetings will be reserved for lecture, speaking activities/drills and speech presentations. Students are expected to complete all the readings of the required e-book chapters, watch the instructional videos and complete the online chapter activities. You will see that the course is divided into three Modules in the Blackboard portion. Each week you will be expected to complete certain online assignments for the chapters found in that Module folder. This course requires daily computer and internet access. You should expect to spend no less than 3-6 hours a week in this course. Pay close attention to deadlines for all assignments. Assignments will not be accepted late! Technical difficulties are no excuse for late assignments. A due date assignment schedule us found at the end of this syllabus! Please check it weekly so that you know what is due and do not miss anything.

YOU CANNOT PASS THIS COURSE WITH OUT COMPLETING THE ONLINE PORTION!

In class participation is an essential element in this course. Each student will be expected to participate in speaking drills/activities which will occur during class time. These activities will allow students to sharpen their presentations and enhance delivery skills as well as provide some opportunities for extra credit on exams. Participation in these activities directly affects the student's grade at the end of the semester.

ONLINE READINGS & ACTIVITIES: Read the assigned e-book chapters in Public Speaking for College & Career, 12TH edition by Hamilton Gregory in each week's folder. You are required to watch video clips, read supplementary articles and complete assignments found in the chapter folder. These resources are a main form of instruction in this course. As you click on the folder for any certain chapter, you will be taken to the McGraw Hill CONNECT website to view supplemental resources or complete assignments. After you have completed them, you will automatically be taken back to NTCC Blackboard. You are provided with printable transcripts for all CONNECT video clips. Always click "submit" and then " save and exit"! Do not use your browser's back arrow button as this could unsubmit your assignment attempt. You are welcome to work ahead on the online assignments in this course.

SPEECHES: You will give one introduction speech, 2 informative speeches, 1 persuasive team speech and 1 commemorative speech in this course. The details of these speeches can be found in the start here folder in Blackboard. You are required to present the speech on your assigned speech day! If you do not show up to give your presentation on your required day, you will receive a zero on your speech and the corresponding outline. You must contact me BEFORE your class time on your speech day if you must be absent and we will make arrangements for a make-up. You are only allowed one make-up speech for the semester.

OUTLINES: Each speech will require a typed COMPLETE SENTENCE OUTLINE which you will print and turn into me before you get up to speak the day the speech is due. This outline is what you create to build your speech and organize your ideas. You will use the Outlining Tools found in the Chapter 12 folder on the homepage to create your outlines. You will never type out your speeches in an essay format in this course. We use a Complete Sentence Outline only. You will learn how to do this in class lecture and by reading the E-book Chapter 12 on OUTLINING THE SPEECH and competing the learning activities for this chapter. Chapters 10, 11 and 5 will also reinforce your understanding of the outlines. These must be typed and turned in before you give you come to class to give your presentation.

EXAMS: There will be three major exams for this course. These are timed exams. You will have 4 hours to complete the exam once you begin. Each exam is approximately 50 questions and covers roughly 5 to 7 chapters depending on the exam. If you miss the deadline, you will not be able to retake the exam. You are allowed to use the e-book during the exams.

Communications:

- **MICROSOFT TEAMS NOTIFICATIONS:** You are required in this course to download and use Microsoft TEAMS. Please follow the instructions exactly as printed on the instructions in the START HERE folder in Blackboard. This is a way to get information out to students quickly. This will enable you to receive important class notifications and reminders from me other than through email so that you will not miss out on any assignment changes or important updates. Please continue to check your NTCC email daily. Please download TEAMS to your smartphone and to your laptop.
- **EMAIL:** Please check your NTCC email EVERYDAY. Email is the official form of communication used here at NTCC. All emailed questions to the instructor will be responded to within 24 hours, but usually within a few hours when possible. I will normally respond to you at least acknowledging that I received your inquiry and will answer as soon as possible.
- **ANNOUNCEMENTS:** These can be found in Blackboard under the course link on your Bb homepage. Please make sure you are reading any announcements thoroughly when they are posted there.
- **I DO NOT USE THE COURSE MESSAGES IN BLACKBOARD!**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to: online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.
