Email: bjones@ntcc.edu

Office Hours	Monday	Tuesday	Wednesday	Thursday	Friday	Online
	2:30-5:00pm	2:30-5:00pm	2:30-5:00pm	2:30-5:00pm		

The information contained in this syllabus is subject to change without notice. Students are expected to be aware of any additional course policies presented by the instructor during the course

Course Description:

A study of the production of various fillets and groove welds. Preparation of specimens for testing in various positions.

Students enrolled in this course must have a tool kit from the college bookstore, or provide the necessary tools and consumables required to successfully completing the class. Additional course fee: \$90.00. Two hours lecture and five hours of lab each week.

Course Level: Intermediate. **Prerequisite:** **WLDG 1428**

Required Textbook(s):

Basic Principles and Applications, 9th edition, by Larry Jeffus

Publisher: Delmar, Cengage Learning

ISBN Number: 978-0-357-37765-9

Recommended Reading(s): Chapters: 2-(Safety), 3-(WLDG-Theory), 6-(WLDG set up and operation)

Student Learning Outcomes:

Identify principles of arc welding; describe arc welding operations of fillet and groove joints; explain heat treatments of low alloy steels; and explain weld size and profiles; prepare test plates; perform fillet welds in the overhead position; perform air carbon arc weld removal; perform bevel groove welds with backing plates in various positions; and demonstrate use of tools and equipment.

Exemplary Educational Objectives: N/A

SCANS Skills:**Course Objectives**

Upon successful completion of this course, the student will be able to:

Objectives for this course are listed in the handout that covers Competencies/tasks.

Lectures & Discussions:

Task Code	Task Description
5702.00	Intermediate Shielded Metal Arc Welding Process (F1, F5, F11, C5, C10, C18)
5702.01	Discuss how metal must be prepared before welding
5702.02	Describe the process, and demonstrate making the root pass, filler weld, and cover pass in all positions and techniques
5702.03	Explain the purpose of the hot pass
5702.04	Tell what should be checked with a visual inspection
5702.05	Discuss the appearance of an acceptable weld
5702.06	Discuss and interpret inter-pass temperature
5702.07	Describe Preheating and Post-heating
5703.00	Prepared Metal, Root, Filler, and Cover Passes (F1, F5, C9, C14, C18, C20)
5703.01	Discuss how metal must be prepared before welding
5703.02	Describe the process, and demonstrate making the root pass, filler weld, and the cover pass in all positions and techniques
5703.03	Explain the purpose of the hot pass
5703.04	Tell what should be checked with visual inspection, and describe the appearance of an acceptable weld
5704.00	Demonstrate how to make (F12, F11, F15, F17, C9, C15, C18, C19, C20)
5704.01	A root pass on plate in all positions
5704.02	A root pass on plate with an open root in all positions
5704.03	A cover bead in all positions
5704.04	A single V-groove open butt joint with an increasing root opening
5704.05	A single V-groove open butt joint with a decreasing root opening
5704.06	SMAW weld of plate to plate

Competencies/tasks.

Evaluation/Grading Policy:

The grades you will receive for this class will be based upon these areas:

A	Test and Quizzes:	Hands-on Lab Practices	50%
B.	Review Questions:	At the end of each unit	10%
C.	General Work Habits:	Safety, use of lab time, materials, and <u>Care of equipment.</u>	10%
D.	Final Test:	Hands-on Lab All Positions Final Test	<u>30%</u>
E.			Total: 100%

NOTE: All students no exceptions: Passing 6-Hands on exams=D; 8-C; 10-B, 12-B-Plus; 14-exams passed A final grade.

Tests/Exams:

Same as the above Description

Other Course Requirements:

Each student is required to have the 2nd welding toolkit AND steel toe boots for this course. If the student does not purchase this from the bookstore they will be required to provide the necessary equipment.

General Classroom and Lab Policies

The Mechanical Power Technology program, like most other vocational programs, has policies that must be followed. These policies will give you, the student, a better opportunity to learn the mechanical power trade. *The general classroom and lab policies are in the Mechanical Power Technology Shop Safety Manual.* The instructor may have additional policies for their class.

General Safety Policies

Anyone with extremely long hair must have some way to keep it up (hair net, hat). There will be no open-toe shoes worn in the shop (sandals, flip flops). Each student will be required to have a pair of safety glasses to be at all times. *The general safety policies are in the Mechanical Power Technology Shop Safety Manual.* The instructor may have additional safety policies for their class.

Student Responsibilities/Expectations:

It is important to present a professional image in the work place. Therefore, students are required to wear 100% cotton long sleeve shirts. They may be purchased in the bookstore or you can purchase in town. If your employer furnishes uniform shirts, they may be worn in place of the school shirt. These shirts should be clean and neat at all times. You must have an approved uniform Welding Clothing by the second week of class. If you do not, you will not allowed to start any hands-on welding in the lab and 10 points will be deducted from your

professionalism grade each class period proper welding clothing is not worn. **Shorts and sandals are not allowed. Professional appearance is part of your grade**

NTCC Academic Honesty Statement:

"Students are expected to complete course work in an honest manner, using their intellects and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. NTCC upholds the highest standards of academic integrity. This course will follow the NTCC Academic Honesty policy stated in the Student Handbook."

Conduct of Course

Attendance Policy

Regular and punctual attendance at all scheduled classes is expected. Attendance is necessary for successful completion of course work. If you are absent, you are responsible for initiating procedures for make-up work. All course work missed, regardless of cause, is to be completed to the satisfaction of the instructor. Every time the student comes late to class will be adding deduction points into his final grade. *More than three absences is considered excessive!* It is up to you to initiate a drop in the Office of Admissions and Records. (At the discretion of the instructor, a student with no more than two absences and with an "A" average will be exempt from the final exam.)

Academic Ethics

The college expects all students to engage in academic pursuits in a manner that is beyond reproach. Students are expected to maintain complete honesty and integrity in their academic pursuit. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. Refer to the student handbook for more information on this subject.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to arrange an appointment with a College counselor to obtain a Request for Accommodations form. For more information, please refer to the NTCC Catalog or Student Handbook.

Family Educational Rights And Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or

local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Other Course Policies:

Class recognition certificates may be distributed at the end of the course. The awarding of such certificate is at the sole discretion of the instructor

LOCKERS AND TOOLS BOXES AT THE END OF EACH SEMESTER

Each student has to clean up his/her own locker, take all personal items out the locker box and return ALL WELDING TOOLS. IF ANY WELDING TOOL IS MISSING, HE/SHE WILL NOT RECEIVE A FINAL GRADE UNTILL ALLTHEM ARE RETURNED BACK AS THEY WERE ISSUED AT THE BEGINNING OF THE SEMESTER.

I HAVE READ THE SYLLABUS FOR THIS COURSE AND UNDERSTAND WHAT IS REQUIRED TO

PASS. I UNDERSTAND THE EVALUATION AND GRADING POLICIES IN THIS COURSE.

I WILL FOLLOW ALL SAFETY AND CLASSROOM POLICIES BOTH WRITTEN AND VERBAL.

ALL QUESTIONS I HAD WERE ANSWERED BY THE INSTRUCTOR TO MY SATISFACTION.

COURSE WLDG 1457.
