

PTHA 2266 – Practicum II

Course Syllabus: Fall 2026

“Northeast Texas Community College exists to provide personal, dynamic learning experiences empowering students to succeed.”

Instructor: Deanna Moody; Diamond Briones

Office: UHS 106

Phone: 903-434-8358

Email: dbriones@ntcc.edu; dmoody@ntcc.edu

Weekday	Office Hours
Monday-Friday	As needed online due to student schedule
Tuesday	As needed online due to student schedule
Wednesday	As needed online due to student schedule
Thursday	As needed online due to student schedule
Friday	As needed online due to student schedule

This syllabus serves as the documentation for all course policies and requirements, assignments, and instructor/student responsibilities.

Information relative to the delivery of the content contained in this syllabus is subject to change. Should that happen, the student will be notified.

Course Description:

Practical general workplace training supported by an individualized learning plan developed by the employer, college, and student.

Prerequisite(s): Successful completion of all PTHA courses up to this point.

Student Learning Outcomes:

GENERAL COURSE LEARNING OUTCOMES

As outlined in the learning plan, the student will apply the theory, concepts, and skills involving specialized materials, tools, equipment, procedures, regulations, laws, and interactions within and among political, economic, environmental, social, and legal systems associated with that particular occupation and the business/industry; and demonstrate legal and ethical behavior, safety practices, and interpersonal and teamwork skills, and appropriate written and verbal communication skills using the terminology of the occupation and the business or industry.

SPECIFIC OBJECTIVES

In either an inpatient or outpatient clinical situation after relevant didactic instruction, the student will show mastery in the PTA MACS evaluation tool of at least 40 points on the following skills:

Section I: Professional Behaviors

1. Professionalism
2. Commitment to Learning
3. Interpersonal Skills
4. Communication
5. Effective Use of Time and Resources
6. Use of Constructive Feedback
7. Problem Solving
8. Responsibility
9. Clinical Decision-Making
10. Stress Management
11. Colleague or Community Education

Section II: Plan of Care

12. Patient History and Chart Review
13. Implementation of POC
14. Modification within POC
15. Patient Related Instruction
16. Discharge Planning

Section III: Interventions in Patient/Client Management

17. Therapeutic Exercise
 - 17.1 Aerobic Activities – must complete 2 to check off skill
 - 17.2 Balance Activities – must complete 2 to check off skill
 - 17.3 Coordination Activities – must complete 1 to check off skill
 - 17.4 Breathing Exercises – must complete 1 to check off skill
 - 17.7 Manual Strengthening – must complete 1 to check off skill
 - 17.8 Mechanical Strengthening – must complete 4 to check off skill
 - 17.10 Posture Awareness – must complete 1 to check off skill
 - 17.11 Range of Motion – must complete 2 to check off skill
 - 17.12 Stretching – must complete 2 to check off skill
18. Functional Training
 - 18.1 Adaptive Device Training
 - 18.2 Bed Mobility – must complete minimum, moderate, and maximum assistance to check off skill
 - 18.3 Body Mechanics Training – must complete one to check off skill
 - 18.4 Gait – must complete 3 to check off skill
 - 18.6 Transfers – must complete minimum, moderate, and maximum assistance to check off skill
 - 18.7 Wheelchair Mobility – must complete 1 to check off skill
19. Manual Therapy
 - 19.1 Passive Range of Motion
20. Biophysical Agents
 - 20.3 Cryotherapy – must complete 1 to check off skill
 - 20.4 Electrotherapeutic Modalities – must complete 3 to check off skill
 - 20.7 Superficial Thermal – must complete 1 to check off skill
 - 20.8 Deep Thermal – must complete US to check off skill

Section IV: Tests and Measures

21. Tests and Measures

- 21.1 Anthropometric Measurements
- 21.2 Arousal/Mentation
- 21.3 Assistive Technology
- 21.4 Gait, Locomotion, and Balance
- 21.6 Skin Integrity
- 21.7 Joint Integrity and Mobility
- 21.8 Muscle Performance - must complete 4 areas of the body to check off skill
- 21.10 Range of Motion- must complete 4 areas of the body to check off skill
- 21.12 Sensation/Pain Response
- 21.13 Ventilation, Respiration, and Circulation
- 21.14 Aerobic Capacity and Endurance

Section V: Healthcare Environment

- 22. Safety
- 23. Interprofessional Practice
- 24. Documentation
- 25. Billing and Payment

The student will also show mastery of any 2 PTA MACS skills that are not on the Minimum Requirements List for graduation.

In addition, the student will complete the following and submit to the DCE:

1. Submit a Weekly Student Meeting form on EXXAT and attendance record entry on EXXAT weekly throughout the rotation.
2. Complete and submit all required course work when due including but not limited to training modules, orientation form, mid-term MACS reports, final MACS reports, and clinical site evaluations.
3. Prepare and present an in-service on a mutually agreed upon topic, submit an outline and hand out in computer generated form via Blackboard by due dates, and submit relevant feedback forms and summary.
4. Complete a patient log of experiences including diagnoses, patient age, procedures, and treatment interventions weekly by entry in EXXAT throughout the rotation.
5. Submit Blackboard and EXXAT assignments by posted due dates throughout the rotation.

Evaluation/Grading Policy:

The breakdown of the course requirements is as follows:

- 70% Successful completion of required number of skills in PTA MACS.
Total of 14 critical skill points (in bold on syllabus) and 26 other skill points from appropriate objectives as listed (up to 40 total points)

Skills # 1-12, 22&24 are considered critical skills and must be addressed at every rotation. No N/A's accepted. Skills 17.5, 17.9, and 21.9 must be completed during Practicum II or III. Completion of these three skills is not accepted as complete if completed in Practicum I.

Skills grading formula:

✓ or + = 1 point

U = automatic failure if not corrected by the end of the practicum I experience

10% Successful completion of PTA MACS skills not listed on Minimum Skills List
Total of 10 points maximum earned for this criterion; 5 points earned for each skill completed during Practicum I that are not listed on the Minimum Skills List (up to 10 points). Skills are relevant for this criterion only if not previously completed in Practicum I.

3% Total of 3 points earned for Blackboard/EXXAT assignments submitted by posted due dates (3 points).

10% **Paperwork completed timely, accurately, and fully with appropriate signature, including:**

- Attendance record submitted weekly to EXXAT (2 points)
- Weekly Student Meeting sheet completed fully and submitted weekly to EXXAT (3 points)
- Accurately completed PTA MACS submitted by mid-term and final due dates (1 point)
- Other Required Documents submitted by due dates – Time Leave Forms, compliance documents, etc. (1 point)
- Computer generated patient log including weekly documentation of diagnoses, procedures, patient ages, and treatment interventions submitted via EXXAT by Sunday 11:59pm for the previous week and 11:59pm on the last clinical day (3 points)

*Any of the above paperwork that is not fully completed with appropriate signatures and submitted by due date will result in 0 points earned for that requirement.

7% **In-service paperwork completed timely, accurately, and fully, including:**

- Computer generated in-service outline of content summary submitted by due date via Blackboard (2 points)
- Computer generated in-service handout provided to attendees and submitted by due date via Blackboard (4 points)
- Summary of in-service feedback form with feedback surveys completed and signed by CI submitted on final due date (1 point)

*Any of the above in-service paperwork that is not submitted by due date will result in 0 points earned for that requirement.

*** All assignments are required and must be completed by the end of the course. Any assignment not completed satisfactorily will result in an incomplete for the course.**

Semester grades will be earned as follows

Percentage	Letter Grade
92% and above	A
83 %–91%	B
75 %–82%	C
66%–74 %	D
65% and below	F

Required Instructional Materials:

PTA MACS, Texas Alliance of PTA Educators, Inc., 2nd ed., 2018 online

Minimum Technology Requirements:

Daily high-speed internet access Microsoft Word

Power point

Portable storage device such as a Jump drive/Thumb drive

Required Computer Literacy Skills:

Word Processing Skills

Email Skills

Course Structure and Overview:

METHODS OF PRESENTATION

1. Demonstration
2. Clinical Experience
3. Online Instruction

OUTLINE OF CONTENT:

1. Administrating physical therapy treatments for patients with various disorders.
2. Instruction on different treatment regimens and procedures as needed by the clinical instructors.

SCANS

Scans addressed as follows: Resources (allocates time, allocates materials and facility resources); Information (acquires and evaluates information, organizes and maintains information, interprets and communicates information, uses computers to process information); Interpersonal (participates as a member of a team, teaches others, serves clients/customers, exercises leadership); Systems (understands systems), Technology (applies technology); Basic Skills (reading, writing, arithmetic, listening, speaking); Thinking Skills (creative thinking, problem solving, seeing things in the mind's eye, knowing how to learn, reasoning); Personal Qualities (responsibility, self-esteem, sociability, self-management, integrity/honesty).

Communications:

Check NTCC email EVERYDAY. Email is the primary means of communication at NTCC. E-mails will be returned within 24 hours M-R and until Friday at noon. Emails received on Friday and weekends will be returned on Monday. TEAMS notifications: You are required in this course to sign up for TEAMS notifications. This will enable receipt of important class announcements and reminders from the instructor via text message so that students will not miss out on any assignment changes or important updates.

Institutional/Course Policy:

ATTENDANCE AND ABSENTEEISM

Student hours will be the assigned hours of the clinical instructor. Each student is required to be at their assigned clinic ready to work when the clinical instructor indicates. Students may be asked to work additional hours and/or weekends with their CI. Each clinical rotation week is defined as 40 hours. Any week that a minimum of 40 hours is not reported will require CI and DCE approval. It is recognized that clinics are not always open 40 hours a week. If your facility can only provide a certain number of hours per week, make note of that on the time record.

Student absences and tardies are strongly discouraged. Students are encouraged to make every effort to avoid missing clinical time.

Absences and tardies will be monitored in three ways:

1. Communication between the student and clinical instructor as well as between the student and DCE/Course Instructor
2. Time Log in EXXAT
3. Leave Form in EXXAT

Time should be entered into the time log using the current electronic clinical system (EXXAT) daily. Each student is to "clock in" upon arriving at the clinic and "clock out" when leaving the clinic. In addition, any time the student leaves the clinic or treatment area, such as for lunch, that student must "clock out" and then "clock in" upon returning. The time recorded should not include lunch except in rare instances when department meetings are required during that time. The time log must be sent to the CI (reviewer) once per week (after completion of hours for that week) through the electronic clinical system for approval. Submission of the time log by the student for review occurs on Friday. The CI approves the time by e-mail. It is the student's responsibility to remind the CI to approve the time as needed by Monday.

Absences are strongly discouraged. A student who fails to be present at their scheduled clinic for any reason will be considered absent. A student is responsible for notifying his/her CI and DCE or course instructor about all absences at the times established by the CI and DCE (phone or TEAMS messages must be received by the DCE/course instructor no later than 7:30 AM on the day the student is absent).

The CI must be notified prior to the beginning of the workday as established by the CI. The student is responsible for obtaining confirmation that the CI received the message if sent by text. If the student is unable to reach the CI, the student should attempt to contact the next person in line of authority. The student should then convey his/her message to the person contacted and ask that the message be relayed to the instructor upon his/her arrival. The student must obtain the name and position of the person contacted about the absence.

If the student fails to contact the DCE/course Instructor by TEAMS, voicemail at the college, or cell or fails to appropriately contact the CI in advance of the absence, the absence will be considered unexcused, and the student will lose 1 point per hour missed off the final course grade. This will be strictly enforced.

If a student misses clinical time for any reason, a Student Leave Report must be completed by the student in EXXAT. It should be completed as soon as the student is aware that an absence is required (in advance for an appointment and the day of absence for an illness or unexpected reason). Absences require approval by the DCE/course instructor through EXXAT prior to the absence for scheduled appointments. It is the student's responsibility to check for approval of the absence and to schedule appropriate make-up time. Failure to complete a Student Leave Report for a scheduled absence as soon as the student is aware of the need for appointments or on the day of an illness/unexpected absence will result in an unexcused absence. Students are required to make up hours/days lost when absent. All make-up time must be documented on the time log as time made up for a specific date.

If the student fails to complete a Student Leave Report on EXXAT by the times established above, the student will lose 1 point per hour missed off the final course grade for hours missed without a timely Student Leave Report submitted. This will be strictly enforced.

Tardiness is not an accepted practice during practicum experiences. Failure to notify both the DCE/course instructor and CI by the designated time (7:30 AM for the DCE) for any tardy >30 minutes will result in a two-point deduction in the final grade for each incidence. Any tardy < 30 minutes should be reported to the CI prior to the start of the workday and noted as tardy on the comments section of the timecard. If the CI is unable to be reached, the procedure for contacting the next person in line of authority, as stated above, should be followed.

CLASS PREPAREDNESS

Students are expected to come to the clinic prepared for that day. Preparedness includes reading any assigned material, researching expected skills or diagnoses, preparing assignments on time as assigned by CI or DCE and bringing necessary books and materials to clinic.

CELL PHONE POLICY

Personal use of cell phones, smart watches and pagers are prohibited in clinical practicums. If a student's electronic device goes off during clinical practicum hours, the student will be required to turn it off immediately. If the clinical instructor prefers the student to use a cell phone for work related communication with physicians, other therapists, etc., then the CI may allow cell phone use for these purposes only. Unless the CI has specifically asked the student to use the cell phone for work related issues, the cell phone shall be off during work hours.

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements:

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to, online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.

Statement Regarding the Use of Artificial Intelligence (AI) Technology:

Employees and students shall be permitted to explore artificial intelligence (AI) and implement its use in and out of the classroom in accordance with policy and administrative regulations. The use of AI shall only be as a support tool to enhance student outcomes or as necessary to engage in research and shall never take the place of faculty, staff, and student decision-making. Any use of AI must comply with law, policy, and administrative regulations relating to student and employee privacy and data security. A student shall only use AI tools with faculty permission and shall be expected to produce original work and properly credit sources, including AI tools used in creating the work.

Example:

APA (7th edition)

OpenAI. (2026). ChatGPT (March 25 version) [Large language model]. <https://chat.openai.com/>

MLA (9th edition)

OpenAI. ChatGPT. 25 Mar. 2026, <https://chat.openai.com/>.

Employees or students who use AI tools to deceptively harm, bully, or harass others shall be disciplined in accordance with policy. [See DH, DIA series, FFD series, FFE, FLB, and the FM series] AI Use by Employees and Students. Northeast Texas Community College 225500 TECHNOLOGY RESOURCES CRB ARTIFICIAL INTELLIGENCE (LOCAL) DATE ISSUED: 12/8/2025 1 of 1 UPDATE 50 CRB(LOCAL)-AJC Adopted: 12/16/2025

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

Program Academic Honesty/Ethics Statement:

It is the responsibility of students and faculty to help maintain scholastic integrity at the College by refusing to participate in or tolerate scholastic dishonesty. Plagiarism and other forms of dishonesty undermine the very purpose of the college and diminish the value of an education. Specific sanctions for academic dishonesty are outlined in the Northeast Texas Community College Student Handbook and in this manual. Personal and professional ethics are inherent in the field of physical therapy; therefore, the highest standards of honesty and integrity must be adhered to. This Honor Code, in its simplest form, means that you will neither give nor receive any unauthorized assistance from any person, paper, or object on any examination, lab practical, paper, or project. This includes talking about lab practical exams, regular exam questions, looking at copies of old tests from previous students, copying or allowing anyone to copy off of your test or assignment, and discussing any aspect of an exam or practical with a student who has not yet taken the test and/or practical (this includes the State Board exam).

With regards to research papers, in-services, group projects, etc. the use of another person's words or ideas must be cited and credit given to the source(s). Examples of plagiarism include:

1. The inclusion of another person's exact words in a paper or assignment without placing quotation marks around the words to indicate an exact quote, even if the source is cited.
2. Using several consecutive sentences written by another person, changing the words somewhat to keep the passage from being an exact quote, even if the source is cited.
3. Presenting someone else's ideas without citing that person as the original thinker.
4. Submitting a paper written in part or in whole by another person.
5. Any other act intended to circumvent the process of performing and presenting original academic research in completion of a course assignment.

Violations of this policy will be brought to the attention of the student by the instructor. If there is suspicion of wrongdoing without corroborating evidence, the matter will be discussed with the student, and a written warning/contract will be issued if warranted. If there is clear evidence that a violation has taken place, the student will receive a grade of "0" for that test/assignment in question; and the instructor will impose a sanction ranging from a written warning to expulsion from the course with a failing grade.

If the student does not feel that the issue is satisfactorily resolved, the student should contact the PTA Program Director to discuss the matter. If the matter cannot be resolved at that level, the student may contact the Dean of Allied Health, followed by the Vice President for Instruction and Student Development. If the issue is not satisfactorily resolved at the end of this process, the student may initiate a formal grievance procedure outlined in the NTCC Student Handbook and in this manual.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodation for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodation as required to afford equal educational opportunity. It is the student's responsibility to request accommodation. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
