## Course Structure and Overview:

Several elements are essential for your success in this course. You will need to understand these fully prior to starting the course:

1. All online courses require extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments. Assignments are due weekly, and sometimes each class day of the week (see course schedule for specific due dates). Thus, keeping up with the schedule is essential to your success. Your personal schedule must allow you to keep up with the due dates for the readings and other assignments. Late work is not allowed in this course, so you must plan your schedule carefully.
2. You must have continuous access to a working and dependable computer and Internet provider.
3. The following study sequence will maximize your chances for mastering each lesson in this course:
  - a. Read the lesson overview and learning objectives.
  - b. Read assigned material in the textbook or eBook.
  - c. Review the learning objectives.
  - d. Review the PowerPoint and take notes as needed (i.e., connected to lesson objectives.)
  - e. Complete and submit Blackboard Homework assignments. These will add points to your course grade.
  - f. Be sure to participate in the Discussion Questions as assigned by writing your original responses and posting peer replies. These will add points to your course grade.

- g. Be sure to contact your instructor when you have questions or need help.

### **Communications:**

- **Announcements:** These can be found in Blackboard under the course link on your Blackboard homepage. Please make sure you are reading any announcements thoroughly when they are posted there.

### **Video Recording of Course Activities**

Certain portions of this course may be recorded via video conferencing software to assist students in course material review or later viewing by a student who was not able to attend the live session. The recordings will be made available only to students within the course and will cease to be available upon completion of the course. Students may not retain, reproduce, or share recordings.

### **Institutional/Course Policy:**

All online courses require extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments. Many assignments are due weekly. Thus, keeping up with the schedule is essential to your success. Your personal schedule must allow you to keep up with the due dates for the readings and other assignments. Late work is not allowed in this course, so you must plan your schedule carefully.

Blackboard will be used for file submission, but you will need to keep a copy of all work in case of error or file corruption.

Students are expected to participate in the online class on a regular basis. Excessive absences (two consecutive weeks) may result in the student being dropped from class or having their grade average reduced. Attempt will be made to contact you before this happens but should an emergency arise, you need to contact your instructor by phone or email should you not be able to meet this requirement. Please see the schedule of classes for the last day to withdraw. Religious Holy Days: please refer to the current Northeast Texas Community College Student Handbook.

### **Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements:**

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to: online through the BlackBoard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, BlackBoard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the BlackBoard course site.

### **NTCC Academic Honesty/Ethics Statement:**

NTCC upholds the highest standards of academic integrity. The college expects all students to engage

in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

**ADA Statement:**

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

**Family Educational Rights and Privacy Act (FERPA):**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
