Institutional/Course Policy:

Several elements are essential for your success in this course. You will need to understand these fully prior to starting the course:

1. All online/blended courses require extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments. Assignments are due weekly. Thus, keeping up with the schedule is essential to your success. Your personal schedule must allow you to keep up with the due dates for the readings and other assignments. Late work is not allowed in this course, so you must plan your schedule carefully. **ATTENDANCE IS MANDATORY.** This is a blended (online & classroom) course and much of the work will be completed in class. If you are not present, you are only eligible for ½ credit on those assignments

Course Structure and Overview:

Several elements are essential for your success in this course. You will need to understand these fully prior to starting the course:

1. This course requires extensive engagement (with other students, the instructor, and the course materials) as well as timely completion of assignments. **ATTENDANCE IS MANDATORY.** This is a blended (online & classroom) course and much of the work will be completed in class. If you are not present, you are only eligible for ½ credit on those assignments

2. Assignments are due weekly, and sometimes each class day of the week (see course schedule for specific due dates). Thus, keeping up with the schedule is essential to your success. Your personal schedule must allow you to keep up with the due dates for the readings and other assignments. Late work is accepted at the discretion of the instructor and only ½ credit will be given so you must plan your schedule carefully.

You must have continuous access to a working and dependable computer and Internet provider.

The following study sequence will maximize your chances for mastering each lesson in this course:

- 1) Read the lesson overview and learning objectives.
- 2) Read assigned material in the textbook or Ebook.
- 3) Review the learning objectives.
- 4) Review the PowerPoint and take notes as needed (i.e., connected to lesson objectives.)
- 5) Complete and submit Blackboard Homework assignments. **These will add points to your course grade.**
- 6) Be sure to participate in the Discussion Questions as assigned by writing your original responses and posting peer replies. **These will add points to your course grade.**

7) Be sure to contact your instructor when you have questions or need help.

Exams:

Exams will include 50 multiple-choice questions and each question is worth 5 points. No exam grades will be dropped. The exams will be timed (1.5 hours). Please see the course schedule attached to this syllabus for dates.

Project:

A 'News / Real world' Micro Economic Project – 200 points

Write a paper approximately three or more pages in length on an important MICRO economic story that has dominated the newspaper over the period of this course. If you are in doubt as to whether what you think is important will also be thought so by me, feel free to clear your topic with me. Your paper must make clear what the issues are and demonstrate a good use of the tools that you learnt in this course to explain, and/or analyze, and/or make recommendations regarding one or more aspects of the story.

Please remember that your textbook is an excellent resource for specific guidance for the topics you should discuss in your paper. You must use a minimum of 2 sources and those must be included in a works cited page at the end of your paper (MLA or APA format). You are not required to use in-text citations. Your paper should be a college level typed paper, double-spaced, and be submitted online through Blackboard.

Please remember that this paper should be your own work—plagiarism (taking someone else's work or ideas and passing them off as one's own) will not be tolerated. Copying from another source and using block quotations from another source is not representative of your own work. Credit will not be given for cut and paste papers with block quotations (an extract consisting of more than 40 words from another author's work).

Please review the college policy and the course syllabus for details regarding academic honesty.

The paper should be about 3 or more pages long with a Times New Roman 12-point font and a one-inch margin all around. **Please include references at the end using MLA or APA style.** Please use reputable internet websites; **do NOT utilize any Wikipedia or comparable citations.** Failure to include citations and references will result in an F. **The research paper is due on Sunday of Week 7 and is worth 200 points toward your grade. Late papers will receive a 10% point deduction for each day late.**

Rubric can be found on last page of this syllabus.

Discussions:

All discussions will be completed in-class. If you are not present, you are only eligible for ½ credit on those discussions.

Chapter Assignments:

The chapter exercises and problems are to be completed either in Blackboard or as assigned during class. As this is a hybrid section of this course, most of them will be completed during class-time. If you are not present, you are only eligible for ½ credit on those assignments.

Although assignments will be typically be completed during class-time, all chapter material is available in BB as well. BB will only be used if we are unable to hold class. In this case, the chapter graded assignments will be graded on a completion/effort only basis. This means that if you complete them and you have a reasonable answer you will receive full credit. Immediately following the due date, I will post the answers to all chapter assignments within Blackboard in the "Homework Answers" link. You may then review the answers and let me know if you have questions. **Because I post the answers, late work will NOT be accepted, and you will not receive credit for late work under any circumstances.**

Final Grades:

This course is set up on a point scale. You can calculate your grade at any time as all point values are listed on this syllabus. **Your final course grade will be based upon this scale only. There are NO extra credit opportunities. In addition, there are no “retakes” for any assignments or exams.** The scores that you receive on your original submissions will be what is counted toward your final grade. Please understand that I must adhere to this grading policy for all students so exceptions will not be made.

Alternate Operations During Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to, online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC’s website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.

NTCC Academic Honesty/Ethics Statement:

NTCC upholds the highest standards of academic integrity. The college expects all students to engage in their academic pursuits in an honest manner that is beyond reproach using their intellect and resources designated as allowable by the course instructor. Students are responsible for addressing questions about allowable resources with the course instructor. Academic dishonesty such as cheating, plagiarism, and collusion is unacceptable and may result in disciplinary action. This course will follow the NTCC Academic Honesty and Academic Ethics policies stated in the Student Handbook. Refer to the student handbook for more information on these subjects.

ADA Statement:

It is the policy of NTCC to provide reasonable accommodations for qualified individuals who are students with disabilities. This College will adhere to all applicable federal, state, and local laws, regulations, and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student’s responsibility to request accommodations. An appointment can be made with the Academic Advisor/Coordinator of Special Populations located in Student Services and can be reached at 903-434-8264. For more information and to obtain a copy of the Request for Accommodations, please refer to the special populations page on the NTCC website.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children’s educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered “eligible students.” In essence, a parent has no legal right to obtain information concerning the child’s college records without the written consent of the student. In compliance with FERPA, information classified as “directory information” may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student’s name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
