**Communications:** The instructor will answer and return all NTCC emails and phone calls within a 24 hour period, except on weekends. Please load your phone with the Microsoft Teams app and find Drawing II Spring 2023 for further communication. NTCC email is the official form of communication used by the college. The instructor will only respond to NTCC email accounts from students. No other email accounts may be used. You may also use Microsoft Teams to communicate with me. In all communication, include your full name, student ID, and course number/section number.

**Institutional/Course Policy:** Attendance and promptness are mandatory. But, if you MUST miss class, email me at [mhall@ntcc.edu](mailto:mhall@ntcc.edu) or call 903-434-8172. The mail and phone number is also listed at the top of the syllabus.

You are responsible to get with a classmate or two for topics covered in the missed class. Get their phone numbers or emails. Have a buddy system. Coordinate with the classmates ahead of time, so the classmates can take notes for you.

You MUST complete all assigned projects. Projects turned in late (one week late) will receive one letter grade reduction. Absenteeism and arriving late, 5 minutes (more than 2 times) will result in a loss of points to your overall grade. Leaving early (more than 2 times) will result in a loss of points/percentage to your overall grade. More than two absences are detrimental to your final grade, and more than four absences will result in a drop from the course or a failing grade. You MUST be punctual and attend class regularly. Wear comfortable clothing and shoes that are appropriate for working with equipment and supplies in the art lab. Complete drawing assignments in class. If you finish a drawing assignment, you must get the instructor's approval before going on to the next assignment.

You are expected to come to class on time, alert and ready to participate in ALL activities during the art class to the best of your ability. Participate with your fellow classmates and talk to them about the projects, about the art terms, sketchbooks and different art areas. Interact with each other. "Trying is better than not trying at all." Not trying throughout the entire semester will result in lowering your grade one letter grade.

Turn volume off cell phones when in classroom. Step outside if you MUST talk on the phone. One earbud is allowed in class while working independently. Earbuds are not allowed during lectures.

Wearing a mask is not required. However, for the safety of all please consider wearing a mask and maintaining six feet of social distancing when in the art lab. Sanitize your hands and supplies before entering art lab. If you forget your art supplies more than two times, that will be

one letter grade reduction. You may not go home to get them. You may use the college art supplies. Be sure to return college art supplies at the end of the class, sanitized. Sanitize your supplies before you work. If you use a classroom tool, clean it, dry it and sanitize it before returning it to the correct storage area. Clean your work area by wiping it down with a clean towel and drying it with a paper towel. Sanitize it. All of this before needs to be completed before you leave for the day. Push your chair back up under the table. Charcoal and graphite are dusty and dirty. So please keep your area clean and make sure your area is clean before leaving. Sanitize your area. Leaving your area unclean more than two (2) times counts as a letter grade reduction.

### **Family Educational Rights and Privacy Act (FERPA):**

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.
