Course Structure and Overview:

This is a completely online class which means there will be no classroom instruction. This course is taught through NTCC's Blackboard Learn Ultra learning management system. All assignments should always be access through the links provided in Blackboard. Some assignments in this course will automatically take you to McGraw Hill CONNECT which is an online component of the textbook for this course. The assignment will be completed there in CONNECT and then once submitted, you will be taken automatically back to Blackboard.

Below is a detailed explanation of how the course works:

On the Content page, you will see that the course is divided into 16 weeks. Each week you will be expected to complete certain assignments for that week found in that week's folder. You should expect to spend no less than 3-6 hours a week in this course. Pay close attention to deadlines for graded assignments. **Assignments will not be accepted late!** Technical difficulties are no excuse for late assignments.

Exams:

- There will be three major exams for this course.
- These are timed exams. You will have 4 hours to complete the exam once you begin and you may use the e book.
- Each exam is approximately 30 - 50 questions and covers roughly 5 to 7 chapters depending on the exam.
- **You will not be able to retake an exam once you submit it.**
- **You cannot make an exam up unless we discussed an extension before the due date.**

Chapter Assignments:

- **READ** the assigned E-book chapters in Public Speaking for College & Career by Hamilton Gregory in each week's folder by clicking on the SMARTBOOK (SM) link found in the chapter folder.
- You are required to watch video clips and complete assignments found in each chapter folder. As you click on the folder for any certain week's assignments, you will be taken to the McGraw Hill CONNECT website to view supplemental resources or complete assignments. After you have completed them, you will automatically be taken back to NTCC Blackboard.
- You have unlimited attempts at the chapter assignments. Please do them over and over until you get the maximum number of points.
- You are provided with printable transcripts for all CONNECT video clips.

Discussions:

- There are 4 discussions in this course.
- This is how you get to know your classmates and how I get to know you. These are broad, detailed, opinion type discussion questions that you must post an original answer to.
- You will then need to respond to two of your classmate's posts for each discussion forum for full credit.
- **Each original post must be a minimum 100 words**
- **Each reply must be a minimum of 50 words.**
- **Each discussion question is worth 100 points each and will only be graded if all three posts have been completed. Failure to meet the 3 posts will result in a 0... there is no partial credit.**
- **College level grammar, capitalization and punctuation are required... penalties will be applied to the first discussion if a student fails to use college level grammar. After that, it will be a zero.**

Speeches:

- You will have one introduction speech and four formal speeches in this course. (You are given ample time to complete these speech assignments once they are assigned)
- YOU MUST HAVE A STATIONARY VIDEO RECORDING DEVICE to record your speeches. No handheld motion should be detected.
- You must have a secure high speed internet connection to function in this course and a knowledge of video file compression.
- Technical difficulties are no excuse for late submissions!
- Each speech will require an audience of at least four (4) adults who can be always seen during the videoed speech. The speaker and audience must be always on camera. The best way to do this is to have the camera pointed on you where the back of the audience's heads are seen in the video.
- You will lose 5 points per audience member that is not present. No children under 12 for audience members as they cause distractions. Your speech presentation area must be child and animal free. NO EXCEPTIONS!
- When you click on the specific speech assignment, you will be automatically taken to McGraw Hill CONNECT where you can then upload your speech. You will need to record using your own webcam, smart phone, or video camera before you access the assignment link. You can also upload your video to YOUTUBE and select that option when prompted.
- ***If you do not upload your presentation by the due date and time, you will receive a zero on your speech and the corresponding outline. You must contact me BEFORE your speech is due if you have an issue or conflict and we will plan for a later date if approved.***
- ***I will not accept a video without an outline or an outline without a video. You must have uploaded both assignments to get credit.***

Peer Reviews:

- You will also be required to listen to two of your classmate's speeches and submit an online peer review of them for each formal SPEECH in this course.
- An evaluation rubric will be provided for you through McGraw Hill CONNECT. This peer review is part of your overall speech grade for that specific speech assignment. Please fill out the rubric and provide constructive comments and positive feedback in the "general comments" section below the rubric.

Speech outlines:

- Each speech will require a **COMPLETE SENTENCE OUTLINE** which you will submit using the provided assignment link when the speech is due. This outline is what you use to build your speech and organize your ideas.
- You will find the OUTLINE TOOLS folder in chapter 12. We use a Complete Sentence Outline only... this is a very specific format. You will learn how to do this by reading the E-book Chapter 12 on OUTLINING THE SPEECH, watching the lecture video and completing the learning activities for this chapter. Chapters 10, 11 and 5 will also reinforce your understanding of the outlines.
- You will never type out your speeches in an essay format in this course.

Student Responsibilities/Expectations:

This course requires daily computer and internet access and a minimum of 3 to 6 hours per week. Any assignment submitted that contains plagiarism will earn an automatic zero and further action may be taken. Again, late speeches will receive a zero and technical difficulties are no exception. The Speech VIDEO and OUTLINE must both be submitted to get graded. **One will not be accepted without the other.**

You will find an NTCC Student Academic Support and Student Services tab at the top of the Homepage. Please take time to look through what support and help is offered there.

Communications:

- **MICROSOFT TEAMS NOTIFICATIONS:** You are required in this course to download and use Microsoft TEAMS. Please follow the instructions exactly as printed on the instructions in the START HERE folder in Blackboard. This gets information out to students quickly. This will enable you to receive important class notifications and reminders from me other than through email so that you will not miss out on any assignment changes or important updates. Please continue to check your NTCC email daily. Please download TEAMS to your smartphone and to your laptop.
- **EMAIL:** Please check your NTCC email EVERYDAY. Email is the official form of communication used here at NTCC. All emailed questions to the instructor will be responded to within 24 hours, but usually within a few hours when possible. I will normally respond to you at least acknowledging that I received your inquiry and will answer as soon as possible.
- **ANNOUNCEMENTS:** These can be found in Blackboard under the course link on your Bb homepage. Please make sure you are reading any announcements thoroughly when they are posted there.
- **I DO NOT USE BLACKBOARD MESSAGES. PLEASE USE TEAMS.**

Institutional/Course Policy:

If you do not upload your presentation by the due date and time, you will receive a zero on your speech and the corresponding outline. You must contact me or your instructional coach BEFORE your speech is due if you have an issue or conflict and we will plan for a later date if approved. You are only allowed one approved late submission speech for the semester.

Family Educational Rights and Privacy Act (FERPA):

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she attends a school beyond the high school level. Students to whom the rights have transferred are considered "eligible students." In essence, a parent has no legal right to obtain information concerning the child's college records without the written consent of the student. In compliance with FERPA, information classified as "directory information" may be released to the general public without the written consent of the student unless the student makes a request in writing. Directory information is defined as: the student's name, permanent address and/or local address, telephone listing, dates of attendance, most recent previous education institution attended, other information including major, field of study, degrees, awards received, and participation in officially recognized activities/sports.

Alternate Operations during Campus Closure and/or Alternate Course Delivery Requirements

In the event of an emergency or announced campus closure due to a natural disaster or pandemic, it may be necessary for Northeast Texas Community College to move to altered operations. During this time, Northeast Texas Community College may opt to continue delivery of instruction through methods that include, but are not limited to: online through the Blackboard Learning Management System, online conferencing, email messaging, and/or an alternate schedule. It is the responsibility of the student to monitor NTCC's website (<http://www.ntcc.edu/>) for instructions about continuing courses remotely, Blackboard for each class for course-specific communication, and NTCC email for important general information.

Additionally, there may be instances where a course may not be able to be continued in the same delivery format as it originates (face-to-face, fully online, live remote, or hybrid). Should this be the case, every effort will be made to continue instruction in an alternative delivery format. Students will be informed of any changes of this nature through email messaging and/or the Blackboard course site.
